Decisions:

1. Approve 11.24.09 minutes
2. It was recommended that EPCC put a hold on the pre-req deadline (implemented in order to get the GEC course listing current for the new catalog publishing deadline). It was decided that EPCC would request the provost "conditionally" approve the GEC process (as approved at Senate) and exclude the pre-req action/deadline allowing further discussion about the pre-req concern.
3. The Environmental Studies program forwarded to EPCC did not follow the proper procedure and will therefore be postponed. It was recommended that the paperwork be submitted to the liberal studies committee and the colleges of education and business for review/discussion.
 - There is currently an environmental studies pre-approved program housed under the liberal studies program that will need to be considered during these discussions.
4. Psychology Program Change - APPROVED
 - PSY 345 Course Description Change – APPROVED
 - PSY 470 Delete Course – APPROVED
 - PSY 470 is cross listed with PHIL 470; Darren will notify Jeff Johnson and find out if he would like to submit a request to delete PHIL 470.
 - PSY 223 Course Requirement Change – APPROVED
 - PSY 441 Course Description Change - APPROVED
