Decisions:

I. Discussed the request to approve the current course BA 101 as Gen Ed under the Multidisciplinary Inquiry category. The question was asked that other schools normally don't have business classes under their Gen Ed curriculum, do we want to allow? Should we invite the faculty who normally teach this course to attend the next meeting and explain why they would request that the course be placed in the Multi-disciplinary category and not gateway? Yes, invite the faculty to the next meeting. - **TABLED**

- Need to determine what is meant by Multi-Disciplinary

II. Michael Jaeger shares materials to be considered to assess Gen ed courses. One document is a copy of the Gen ed outcomes, the other is a GEC assessment timeline.

- Choose one category (based on the GEC learning outcomes) that the Gen Ed class falls under (all classes fall under content knowledge)
- Complete the matrix for all Gen Ed courses.
- Students will complete an online evaluation of the course
- Faculty will complete a rubric for overall class success

By April 15, EPCC will revise the matrix and then bring to CAS for approval. Then the work begins. All Gen Ed classes will be plugged into the matrix to prepare for assessment.
