

EPCC Minutes

May 6, 2008

Attendance:

Colleen Johnson
Janet Hume-Schwarz
Kenn Wheeler
Sally Mielke
Tony Tovar

Ruthi Davenport
Janet Jessup
Miriam Munck (phone)
David Komito

Discussion:

- I. David Komito presented information about a Face book Interface that has been established with Blackboard. There are three options our University can take.
 - Opt in: choose as a University to allow students to receive notices from Blackboard to their Face book account that an activity has taken place.
 - Opt out: as a University choose to not allow students to receive notices
 - Do nothing-
 - Decision: Have David communicate with the Deans about this and have the Deans share with the faculty for input.

- II. Gen Ed: Where are we?
 - What to do next? Make definitions so that courses can easily be assessed to see if they meet Gen Ed requirements.
 - Colleen will take the top four categories and work on the language. The gateway and multidisciplinary categories will need further discussion. The Provost and Deans will be invited to further discuss these two categories and the complications within each.
