

# EPCC Minutes

May 27, 2008

---

## Attendance:

Colleen Johnson  
Dea Hoffman  
Kenn Wheeler  
Sally Mielke  
Donald Wolff

Marilyn Levine  
Sarah Witte  
Regina Braker  
David Komito

Kathleen Dahl

## Discussion:

- I. Discuss GEC (share document submitted by Colleen 5/27 email)
  - Use word primarily instead of rooted – did we decide to use?
  - Instead of “we” use generic “EOU strives or endeavors”
  - Use the word rooted? Marilyn hands out paperwork and discusses GEC and reviews page 3 in the liberal arts definition.
  - Strong component of mission statement, liberal arts/sciences
- II. Tovar believes that Gateway/MDI are categories with other modalities of teaching.
  - Michael Jaeger suggests that the Gen Ed planning committee reconvene to determine if we should modify what has been approved through assembly.
- III. Suggest that a moratorium for Gateway and MDI categories be implemented through next year while developing the definitions for the categories. – APPROVED
- IV. Komito questioned the definitions, in particular GEC breadth outcomes #9. He spoke to Linda Jerofke about including language in definitions.
  - Definitions were submitted by each department. The SSC definition is correct. (Colleen)
  - The wording in the Rubric should match the definitions (Donald).
  - Would like to have uniformity added; from rubric, definitions, and outcomes (David).
  - Rosemary will bring to Social Sciences to revise.
  - Add OR to each statement within the rubric so as to provide freedom within the categories.
- V. The GEC will be presented to faculty council with the understanding that more changes to follow.
- VI. Deans will implement syllabi revision process.
