New Course, HIST 483 - Approved
New Course, NAT 370 - Approved
New Course, READ 542 - Approved
New Course, ECED 310 - Approved

New Minor

New Minor, NAT Minor - Approved

Discussion items:

1. EPCC members discussed the fact that Art 321 is currently being taught as an x10 for fall 2006. Students in the current class will get Gen Ed credit. The registrar will mark the fall 2006 x10 course for Gen Ed recognition.
2. It was suggested that the current forms be revised to assist in documenting budgetary implications. Suggestions for revising the forms were recommended and will be distributed to EPCC members for review. The suggested revisions will provide the library an opportunity to document additional library resources if needed. It will also provide the provost an opportunity to see the budget implications prior to EPCC and Assembly approval.
