Richard Croft	Rob Davis

Decision items:

New Course

New Course ANTH 380- *Approved*

New Course ANTH 375- *Approved*

New Course PHIL 321- *Approved*

New Course MM 262- *Approved*

New Course MM 125 – *Approved*

New Course PSY 461- *Approved*

Change in Existing Course

Change in existing course PSY 460 – *Approved*

Change in existing course BA 411- *Approved*

Discussion items:

1. Professional-Technical Transfer Credit

- Discussed options for involving review of professional-technical transfer credit. One suggestion was to have the program faculty to assist in the process.
- One suggestion is to allow students to bring in 12 credits in one lump sum titled “voc tech”. These credits would not apply to any major, only as elective credits.
- Discussed the wording and it was suggested that it read, “12 lower division credits with a c- or better from an accredited school”. Dea will provide a revised draft.

2. Math Competency

- Reviewed wording and suggested that it say, “for example Eastern’s Math 095”. Colleen will revise.

3. Other

- Discussed accreditation. Rob said he will work on this during the summer and we will review at a future meeting.
- Colleen asked the group to visit the website to review the revised handbook.
- Discussed the timeline for submitting paperwork to EPCC. Paperwork needs to be received one week prior to the meeting. We need to enforce this policy.
- Updated Nick on the lab/credit value that was discussed at last weeks meeting with Anna Cavinato.
