Change in Existing Program

Change in Existing Program, Media Arts Major/Minor-Tabled until 5/30/06 meeting

Discussion items:

1. Discussed the change in Media Arts program with Kevin Roy. Suggested that the syllabi be modified to drop lower division courses from options since only upper division courses are required. Discussed the option of making three minors, currently referred to as concentration areas within the minor check sheet. Kevin will start the process for the upcoming school year. The EPCC group tabled the approval until the following meeting where the information will be presented with the recommended changes.
